How To Visit Audubon Starr Ranch Sanctuary

Unfortunately, we can't accommodate drop-in visitation at Starr Ranch. Our access is through a gated community and requires notification for every visitor or group. Our small staff can't administer drop-in visitors as well as ensure their safety.

To receive e-announcements about our education programs (but not volunteer programs) contact Sandy DeSimone at sdesimone@audubon.org.

We have many programs and volunteer opportunities available by reservation:

- [Ecology Programs](#): offered during the school year for ages 7 through adult.
- [Family Nature Workshops](#): biannual free events for families (watch our website and [Facebook](#) page)
- [Starr Ranch Junior Biologists Spring and Summer](#) (8 – 13 yrs): watch our website and [Facebook](#) page
- [srjb4 teen program](#): monthly Saturdays during the school year
- [Adult Research Classes and Camps](#): fall and spring. Watch our website and [Facebook](#) page
- [Volunteer opportunities](#) throughout the year
